

CELERITY

Well planned. Well crafted. Well done.

MENU OF SERVICES

MENU OF SERVICES

Celerity designs, installs, services and maintains wireless and fiber optic infrastructure. Celerity's unique breadth and depth of knowledge in both fiber optic and wireless

technologies establish us as a leader in last mile telecommunications solutions. Our purpose is the same as our tagline: "Well planned. Well Crafted. Well Done." We are wired to the principle that a job worth doing is one worth doing well. We take the time to plan a job, execute it with craftsmanship, and finish it with meticulous documentation. Driven by new standards in a new time, born out of customer needs, we strive for craftsmanship delivered at the speed of technology, which is Celerity—the origin of our name. We set standards by reaching this balance of quality and speed: Standards in pre-job preparation. Standards in craftsmanship. Standards in documentation. Standards in customer satisfaction.

Customer Quote: "Celerity has a high attention to detail and they are very knowledgeable, responsive and fairly priced. Craftsmanship is a word that describes Celerity's work and is very meaningful to them. They take ownership over the work and are thorough and professional."

WELL DONE SERVICES

SERVICE AND MAINTENANCE
PROJECT DOCUMENTATION
CLOSE OUT PACKAGES
TECHNICAL REPORTS
EMERGENCY RESTORATION
NETWORK INVENTORY
CABLE MONITORING SOLUTIONS
NETWORK INTEGRATION

Customer Quote: "It's obvious that compiling the test data into such a detailed and professional package took several hours to complete. I know I've said this before but this type of documentation is what puts Celerity in an entirely different class. Thank you for continually raising the bar; 'Well planned. Well Crafted. Well Done.' – absolutely."
