

DHD Overview

About DHD

Data Hardware Depot specializes in providing refurbished Communications Network Infrastructure Equipment. From Routers and Switches to VoIP Access Servers to Advanced Multiservice platforms for Next Generation Networks developed by Cisco and other leading Manufacturers. Our secondary market expertise will be our customer's advantage when it comes to Selling, Purchasing or Trading Wireline or Wireless networking hardware.

Experience

20+ Years of combined experience in the network infrastructure market. DHD understands what it takes to get the job done on time, without hassle, and cost effectively. DHD is experienced with many networks across the globe with years of time spent providing Services and Hardware to various Departments in the Carrier and Enterprise space.

Our Mission

The DHD staff understands the growing competition in the network hardware market, and understands that the only way to compete is to prove to our customers that we understand needs, and continuously exceed expectations. We want to be the finest communications equipment partner that you have and the only one that you need. DHD deals with the extensive industry of OEMs, distributors, resellers, service providers and network design specialists, as well as an expansive set of end-user network implementers and managers. Work with us, and we will work with everyone else for you. Your network is our priority.

Our Product Focus

Our product focus includes Data Networking, Access Servers, Switching, Routing, Security, IP Telephony, Optical Transport, Wireless Base Stations, Microwave, and Power equipment. DHD carries over \$20 million in inventory of refurbished and new surplus network hardware including Cisco, Cerent, Juniper, Nortel, SUN, Fujitsu, Tellabs, Lucent, Alcatel, and many more.

The DHD Product Competitive Edge

DHD has served over 5,000 organizations worldwide providing Cost Effective, Quality, and Guaranteed products. DHD's focus is on our core competencies, and we can offer our customers the most competitive product by stocking the hardware that we know best, and passing the savings onto our customers.

DHD Guarantee

We guarantee the operational integrity of every system and component that we sell. DHD will guarantee every product sold to our customers with a competitive Advanced Replacement Warranty. We recognize the Quality and Integrity of our product and will support it 100%. In addition to our quality product we strive to offer the finest Customer Service level we can achieve. Our employees recognize the importance of treating our customers as a priority and with integrity. Call DHD and let us prove why our product and customer service is unsurpassed.

Hardware in Stock and Delivered On Time

DHD carries over \$20 million in inventory consisting of End of Life and Current Generation platforms. DHD carries a variety of chassis, network modules, line cards, power supplies, and ancillary material. The majority of product that we quote is in stock and guaranteed next day shipment.

Asset Recovery

As well as saving our customers time and money with the hardware we provide, DHD also specializes in the liquidation of excess and surplus networking hardware. We can offer a variety of methods to present our customer with the highest return on excess and idle assets: Cash, Trade, Credit, and Consignment. A DHD Valuation Expert is on call to answer all of your hardware valuation questions and will usually present a proposal within 24 hours.
