The World's Largest Global IP Marketplace

The IP Communications industry is changing rapidly, with a wealth of new innovations, expanding financial projections, and a steady stream of new companies entering the field. In fact, over the past eight years, there has been only one constant in the industry – the biggest event in the industry has been, and continues to be, INTERNET TELEPHONY Conference & EXPO®.

Since we first launched IT EXPO in 1999, more than 60,000 IP Professionals from around the world have joined us at our events on both coasts. This January, as many as ten thousand more will descend upon the Ft. Lauderdale Convention Center for INTERNET TELEPHONY Conference & EXPO East 2007. They come by the thousands from all over the globe to ITEXPO, to learn in the educational sessions, exchange ideas, develop new contacts, and to meet with vendors like you on the exhibit floor. Just as they have done for the past eight years.

In some ways, the more things change, the more they stay the same.

And now with our collocated events – IMS Expo and Call Center 2.0 – there is more being offered for these attendees, and we are expecting our biggest crowd ever.

What better place is there to fill your sales pipeline and develop valuable new relationships for 2007 than at the world's largest IP Communications event?

INTERNET TELEPHONY Conference & EXPO has grown each year since 1999 into what is now the World's Largest Global IP Marketplace. What was once an over-crowded event squeezed into a hotel ballroom is now an enormous event filled with activity and occupying a convention center. As IP Communications continues to grow in popularity, so too does INTERNET TELEPHONY Conference & EXPO, to the point where we are anticipating 10,000 attendees at our East Coast event in January, 2007.

Global Reach of TMC's Media Vehicles

One of the main reasons that the conference has grown like this is TMC's position as an information leader in the IP Communications industry. People attend this conference to learn – both in the classroom and in face-to-face meetings - and they are able to do so unlike at any other event. The end result is huge crowds of very interested IP professionals. And we now offer six full tracks of courses, appealing to all sectors – service providers, resellers, enterprises, government, developers, and more, meaning regardless of whom you want to meet, they will be at ITEXPO in droves!

INTERNET TELEPHONY Conference & EXPO EAST will be held January 23-26, 2007 in Ft. Lauderdale, FL. I encourage you to call our sales team today to discuss the many options we have to drive these record crowds to your booth and increase your sales for the next year and beyond.

At INTERNET TELEPHONY Conference & EXPO, you'll have access to more than 10,000 decision makers from around the world looking to buy products, including more service providers, enterprises, government buyers, resellers and developers than any competitive event in the market. We've completely sold out the exhibit floor of the past four conferences, and fully expect to do so again in Ft. Lauderdale — so reserve your space today. Call Dave Rodriguez at 203-852-6800 x146 or send an e-mail to drodriguez@tmcnet.com.

Come see for yourself why this is the only event attracting new customers and why deals are made in such large numbers!

Sincerely,

Rich Tehrani
TMC President & Conference Chairman

Largest and Fastest Growing IP Communications Event

As the IP Communications industry continues to explode, more and more decision makers are turning to INTERNET TELEPHONY Conference & EXPO for their professional development and networking. Over the past seven events, the attendance has increased by at least 10% over the previous event to the point where we are now expecting over 10,000 at our East Coast event in Fort Lauderdale in January, 2007.

INTERNET TELEPHONY Conference & EXPO Attendance – 2001-2006

As the demand for VoIP products continues to grow, so does the popularity of the largest conference in the industry.

IT Expo is the Place Where You'll Meet NEW Customers

One thing that is unique about INTERNET TELEPHONY Conference & EXPO when compared with other events in the industry is the number of new people exhibitors meet. At some events, it seems the only customers who come to your booth are those who have an appointment. At IT Expo, you'll have access to thousands of potential customers in the exhibit hall, at the receptions, and in the keynote sessions.

You'll meet people you didn't expect to meet! People who are in a position to buy your product, and are asking the kind of probing questions only serious customers would ask. It is this steady stream of new customers that keeps exhibitors coming back year after year. Some exhibitors have even called it **"the ROI Event"** because they actually close enough deals while on the exhibit floor to pay for their trip ten times over!

People go to other industry events for the parties.

They come to INTERNET TELEPHONY Conference & EXPO to grow their businesses.

Meet New and Unique Attendees

How many trade shows did IT Expo attendees go to in the past year?

36% of attendees said this was the only event they attended. That means there are over 3,600 people at INTERNET TELEPHONY Conference & EXPO that you will not see at any other event.

More Than Just Quantity

INTERNET TELEPHONY Conference & EXPO
Brings the Highest **QUALITY** Attendees to Your Booth

**source: post-conference attendee surveys and registration information

Attendees have buying power and are ready to use it! **

91% Are personally **involved in buying** IP Telephony products/services for their organizations.

84% Say this conference **influenced a vendor selection**.

73% **Plan to purchase** products and services they saw on the show floor within 12 months.

79% Say this conference **influenced a product selection**.

67% Say they have **decided to deploy VoIP** and come to this event specifically to find the right solutions.

“We had tremendous traffic. The attendees were interrupting the demos to ask great questions and essentially drove every demo. So not only did you bring in the crowds, but these were qualified, focused attendees. Excellent job!”

Meet Hundreds of Press and Industry Analysts at the First Show of '07

INTERNET TELEPHONY Conference & EXPO is not only the biggest event in the industry, but its also the first of the new year. There will be hundreds of members of the media and industry analysts, looking to get the latest information on the industry's leading companies and any new developments. The event will attract press from major daily newspapers, industry publications, blogs, Web sites, broadcast media, research firms, and VCs – all there to cover the event and learn more about your company.

What better place to make your major announcement than at INTERNET TELEPHONY Conference & EXPO?

With hundreds of press and analysts in attendance, ITEXPO is the ideal location to make major announcements or to launch your new product. By making your announcements at ITEXPO, you'll not only get the attention of the massive crowds and huge numbers of press in attendance, but you'll also get a jump on the competition who are waiting for another show later in the spring to make their announcement.

“INTERNET TELEPHONY Conference & EXPO has reached a new level of sophistication - yet still maintained it's vibrancy!”

– Debora Glennon,
Enterprise Marketing,
Nortel - Exhibitor ITEXPO East 2006

INTERNET TELEPHONY Conference & EXPO is THE GLOBAL IP EVENT

Representatives of 115 countries registered for INTERNET TELEPHONY Conference & EXPO in the past year.

Because of the in-depth educational content offered at INTERNET TELEPHONY Conference & EXPO, international attendees flock to IT Expo. In the last year, we've had attendees from **115 different countries** register for ITEXPO.

Why spend money traveling to events overseas, when **we bring the global community to you** at INTERNET TELEPHONY Conference & EXPO?

Around the World and Across the U.S.

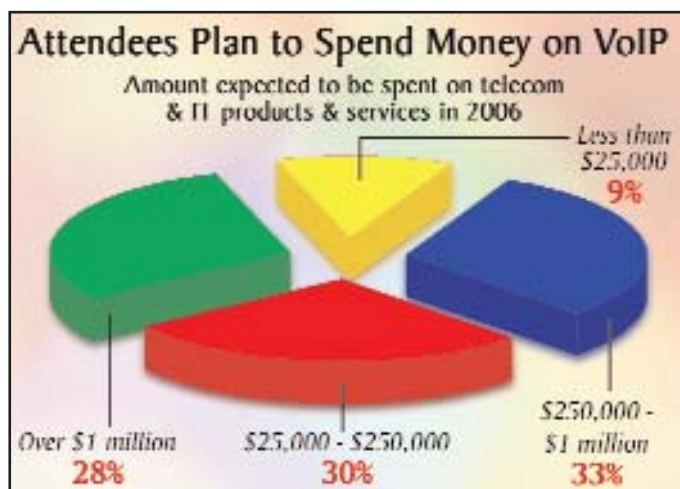

In the past year, ITEXPO has drawn attendees from 107 countries around the world as well as from from all 50 states. Why spend money flying around the world when we bring the global attendees to you?

ITEXPO Attendees are Buyers of IP Products and Services

No matter what type of solution you sell, you'll find attendees at INTERNET TELEPHONY Conference & EXPO looking to buy it. When you look at the numbers, 73% of attendees said they plan to purchase a product they saw at the last ITEXPO; and more than 60% of attendees plan to spend at least \$250,000 this year on IP products. That means there are literally thousands of attendees on the exhibit floor looking to buy what you offer AND have the money to spend.

73% of attendees plan to purchase products and services they saw on the show floor within 12 months.

Platinum Sponsors

Gold Sponsors

Through our massive media reach and successful organizational partnerships, we are able to make nearly 20 million marketing impressions prior to INTERNET TELEPHONY Conference & EXPO. This has two benefits – we reach hundreds of thousands of potential attendees and deliver our message to them over and over, ensuring that when they come to the show they know what to expect. Secondly, the sponsors of ITEXPO are included in most of our advertising and marketing efforts, meaning they also receive nearly 20 million marketing impressions.

Aggressive Marketing Campaign Attracts Your Best Prospects

Media Partnerships

With our partnerships with other leading publications we are able to secure ads in dozens of magazines, newspapers, and Web sites. In each of these ads we include our major sponsors – meaning sponsors receive ads in leading publications, such as eWeek, Network World and major daily newspapers, such as the Miami Herald. All together, these ads will reach an estimated 12 million people.

The Industry's Leading Web Site

TMCnet is the leading Web site in the IP Communications industry, receiving more than one million unique visitors per month. All major sponsors of ITEXPO receive exposure on the Web site with banner ads, direct links from the ITEXPO site, featured stories, blogs, and more. Over the course of the six months of promotion, that can mean millions of additional impressions for ITEXPO sponsors.

E-mail and E-Newsletters

With featured stories, banner ads, and regular listings in our eNewsletters, sponsors receive an additional 250,000 exposures per month. Beyond that, our exclusive opt-in e-mail list reaches an additional 50,000 customers who are eager to know more about the event and our sponsors' products & services.

Direct Mail Marketing

Through our direct mail marketing efforts to recruit attendees, we send out over 500,000 marketing pieces. All sponsors are included on each piece, with logos of our diamond and platinum sponsors printed on the cover.

TMC's Industry Leading Publications

With four of the leading magazines in the communications industry, TMC is able to provide even more exposure to ITEXPO sponsors with advertisements and features. The combined readership between *INTERNET TELEPHONY*, *IMS Magazine*, *SIP Magazine*, and *Customer Inter@ction Solutions* is nearly 500,000 per month.

**NEARLY 20 MILLION
MARKETING IMPRESSIONS!**

Focus on Educational Content Ensures the Highest Quality Attendees

The reason the attendees of INTERNET TELEPHONY Conference & EXPO are the best you'll find at a trade show is because they come to the event to learn – both in the sessions and from you on the exhibit floor. They are serious about enhancing their knowledge and are at the event because they want to make their business better.

The reason they choose INTERNET TELEPHONY Conference & EXPO is the unparalleled quality of the educational courses offered. As the publishers of the industry's leading magazines – *INTERNET TELEPHONY*, *IMS Magazine*, *SIP Magazine*, and *Customer Inter@ction Solutions*, and the industry's leading and most informative Web site, TMCnet, we are in a unique position to serve as the thought leaders of this emerging industry. Our team of editors spends literally months gathering abstracts from respected companies and building a comprehensive program built on providing true education, not on satisfying an exhibitor's desire to deliver a canned pitch in their session.

This focus on quality educational content delivers only the most serious attendees, who, in turn, become your most dedicated customers.

Collocated Events will attract even more attendees to ITEXPO

In addition to the in-depth information at ITEXPO, we will be collocating two additional events, attracting even more top level attendees. Additionally, we will be partnering with leading organizations to offer special enhanced workshops appealing to an even larger crowd. Attendees of all of these events will be on the ITEXPO, floor giving exhibitors unsurpassed access to the best audience of any event in the industry.

Collocated Events

IMS Expo is the premier event focusing on the emerging IMS technology, will attract an additional 1,000 Service Providers, all of whom will have access to all IT Expo events.

Call Center 2.0 is the premier event focusing on contact center technologies, featuring three full days of educational information, and attracting top contact center decision makers.

INTERNET TELEPHONY Conference & EXPO is the ROI Show

Some other conferences are really no more than pre-arranged meetings and parties. INTERNET TELEPHONY Conference & EXPO is known in the industry as the event where you'll meet the new customers that you need, and the only event that delivers the ROI you expect. Year after year, exhibitors and sponsors rave about their return on investment as they generate so much new business as a result of the event. Not just generating leads, but actual sales – some even completed on site before the show is over – that more than pay for the cost of exhibiting or sponsoring. No other event can come close to delivering this kind of ROI!

If you're looking for a party, there are plenty of other events to look at. If you're looking to grow your business, the only choice is to exhibit at INTERNET TELEPHONY Conference & EXPO.

Exhibitors say ITEXPO gives them more leads and the best ROI

95%

of past exhibitors characterized the attendees they met as, **highly qualified**.

85%

of past exhibitors say they get **more qualified leads** at INTERNET TELEPHONY® Conference & EXPO than at any other conference they exhibit at all year.

85%

of exhibitors at the most recent INTERNET TELEPHONY events said the booth traffic in the exhibit hall was as good or **better than at any other event** they'd exhibited at in the prior 12 months.

*all statistics taken from conference attendee surveys

“Five minutes after the show opened on Wednesday night, I was unable to get near my booth. The attendees were lined up ten-deep waiting to view our products and to speak to our reps. This is by far the best VoIP show out there. Both here and at the L.A. show last fall, we actually turned a profit solely on orders placed on the show floor! We have reserved a 50' x 50' booth space at the next show in San Diego to accommodate all of the demand”

– Garrett Smith, Director of Business Development

Exhibitor - ITEXPO East 2006

“Anyone in the world looking to deploy VoIP services attends INTERNET TELEPHONY Conference & EXPO. This is the carrier's show. We've met tons of qualified people looking for VoIP termination and gathered many, many excellent leads. The leads we generated here are like ducks in a barrel, and I've got a shotgun! This is clearly the best VoIP show for us and for anyone looking to reach domestic and international service providers.”

Sponsorships Deliver More Exposure for Your Company

Pre-show, During Show, and Post-Show Exposure Increases with Aggressive Marketing Campaign

TMC's aggressive marketing campaign results in tens of millions of marketing and advertising impressions, promoting both the event and its sponsors. Through our partnerships we advertise in many of the leading magazines, daily newspapers, and Web sites. In addition, our promotional campaign distributes hundreds of thousands of pieces of direct mail to qualified prospective attendees, as well as e-mails and newsletters to our opt-in list of thousands.

All together, sponsors who are included throughout the entire campaign receive more than 20 million impressions – and that's before the conference even begins! To purchase this advertising separately would cost your company well over \$100,000. But beyond that, the repeated exposure strengthens your image with this key audience, and those attending the conference will be looking for your booth and will be ready to do business with you.

“As an exhibitor, the INTERNET TELEPHONY show has been a GREAT event for VoIP end user lead generation. As a conference attendee I find the sessions both timely and compelling – and always contain lots of audience interaction. The INTERNET TELEPHONY Conference is a great place to network with other industry professionals and is also a lot of fun!”
