Video Communications builds stronger relationships across the web

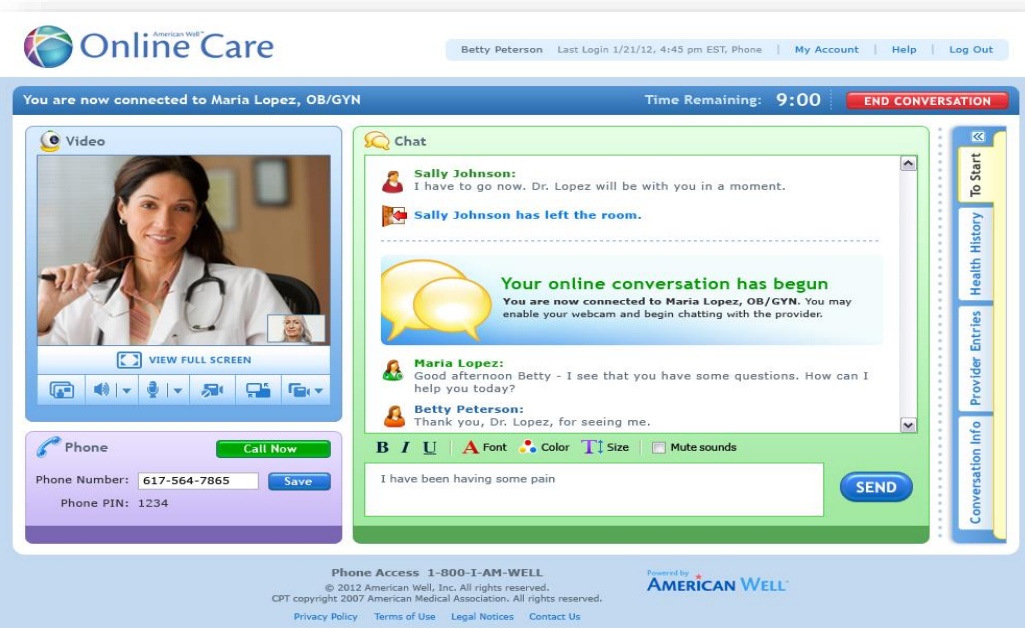

Insurance Claims Processing

- Improved customer satisfaction and brand loyalty due to faster claims resolutions over Vidyo

- 400,000+ New Insurance Claims a year
- Eliminated travel to site with 15-20 minute Face-to-Face video call
- Claims processed went from 6-7 daily to 10-12 and faster resolution
- Reduced travel costs

AMERICAN WELL™

American Well – Direct to consumer medicine *Re-defining healthcare delivery for physicians and patients*

The Challenge

Simple, reliable on-line care delivery that builds trust in physician-patient relationship and streamlines physician workflow

The Solution

- Simplicity for patients and physicians, remote Dr. Visits and care
- Easy integration with web-portal and workflow tools via API
- Consistent high quality over the Internet and wireless
- Cost effective scalability

The Results

Over 100,000 users in the first quarter of service¹

Treating Ebola: Keeping Hands Off without abandoning the patient

The Centers for Disease Control and Prevention

SERIOUS MEDICINE. EXTRAORDINARY CARE.®

“To limit traffic in and out of the isolation room—and the risk of spreading disease—it uses the Vidyo videoconferencing platform. The isolation room houses a webcam-equipped computer connected to the front desk, the biocontainment unit's conference rooms and providers' offices outside the unit. And inside the isolation room, providers can request a second opinion or order supplies without ever leaving. "If something's going on, we know right away,"

Health Spot: *Bringing specialists to the patient*
