1. Please submit labor request form with credit card authorization no less than twenty (20) days prior to the first scheduled show day. Labor ordered after this time will be scheduled based on availability and on a first come, first serve basis.
2. Electrical labor must be ordered when the type of service requested exceeds standard installation criteria, when a request is made to alter or repair exhibit equipment or when lighting is installed. Examples in which additional labor is required include: installing more than three (3) outlets to specific locations on the floor other than "standard rear of booth" placement; installing electrical cords and cables throughout the booth; relocating service(s) once installed; installing, wiring, adjusting, and removing Exhibitor/Contractor owned light fixtures and related equipment; installing power from overhead (catwalks, etc.), and installing services that exceed standard cable lengths/runs.
3. Once floor power has been installed, Exhibitors may mount and plug-in their own standard (non-theatrical) lights providing the installation can be completed by one (1) person in fifteen (15) minutes. Installations exceeding fifteen (15) minutes must be done by LACC Electrical staff. For theatrical style lighting, see LACC Lighting Policy.
4. Requests for modifications to the schedule (including cancellations) must be received no less than 48 hours prior to the beginning of the respective work shift. Modifications and/or cancellations made without prior notification will be subject to corresponding labor charges and staff availability.
5. Please fill-in the required information below. Be sure to include schedule for move-in and move-out (if required). Labor is ordered in half-hour increments. Total charges will be calculated according to actual hours worked.
